SELECT ATELIER

Proud to be an Argyle Pink Diamond Select Atelier for over two decades, Calleija is recognised for their dedication and knowledge in creating the finest Pink Diamond jewellery, seen on royalty, actresses and loyal clients worldwide. As a leading specialist in Argyle Pink Diamonds, Calleija has a practised eye for selecting the most beautiful and rare treasures of nature.

Calleija is fastidious in acquiring the most desired Pink Diamonds at the invitation-only annual Argyle Tender, where the rarest Pink Diamonds are sold to the highest bidders in a secret ballot. A collection of diamonds ranging in colour from pale rose blush to vivid purplish pink, and occasionally striking reds, are released annually. However, with the Argyle Diamond Mine rapidly approaching extinction, only a handful of Tender Diamonds are predicted to remain.

It is interesting to note that, since the mine began production in 1984, only 1% of the 600 million diamonds produced from Argyle are pink. With less than six years of production remaining in the Argyle Diamond Mine, Argyle Pink Tender Diamonds are literally one in a million. This imminent extinction has led to a noticeable surge of interest in the world's most sought after gem, the exclusive Pink Diamond.

Impressive in rarity and beauty this 0.62ct Pear Shaped Australian Argyle Pink Diamond is one of the stunning jewels from the 2015 Argyle Tender.

ANGELICA

From deep within the Argyle Diamond Mine, a rarity of nature is unveiled. Magnificently framed by a cluster of pink and white diamonds, Calleija's newest creation, *Angelica*, is the custodian of a 0.56ct Heart Shaped Argyle Pink Tender Diamond whose beauty is truly mesmerising.
