ARGYLE PINK™

DIAMONDS

As one of the world's few Argyle Pink Diamonds Select Ateliers™,
Calleija was beyond thrilled to be appointed in 2022
as an Argyle Pink Diamonds Icon Partner™.

The announcement of this partnership, where Calleija will work directly
with Argyle Pink Diamonds™, to create celebrated jewellery masterpieces
will create a legacy of truly beautiful jewels that will be revered for generations.

As the world-renowned Argyle Diamond Mine closed in 2020,
Argyle Pink Diamonds™ have become rarer than ever before, and Calleija
is incredibly proud to venerate their beauty and remarkable heritage.
Each diamond is an unrepeatable phenomenon, bringing Calleija immense joy
and honour to craft jewellery worthy of its inherent beauty.

To adorn a rare Argyle Pink Diamond™ holding a history of more
than 1.6 billion years old is the privilege of a lifetime.
To be appointed as an Argyle Pink Diamonds Icon Partner™ is a testament
to Calleija's award-winning artistry and long-standing reverence for
Argyle Pink Diamonds™, demonstrated over many years. This rarefied and
exclusive opportunity is one of the biggest achievements in the history of Calleija.

Tesora

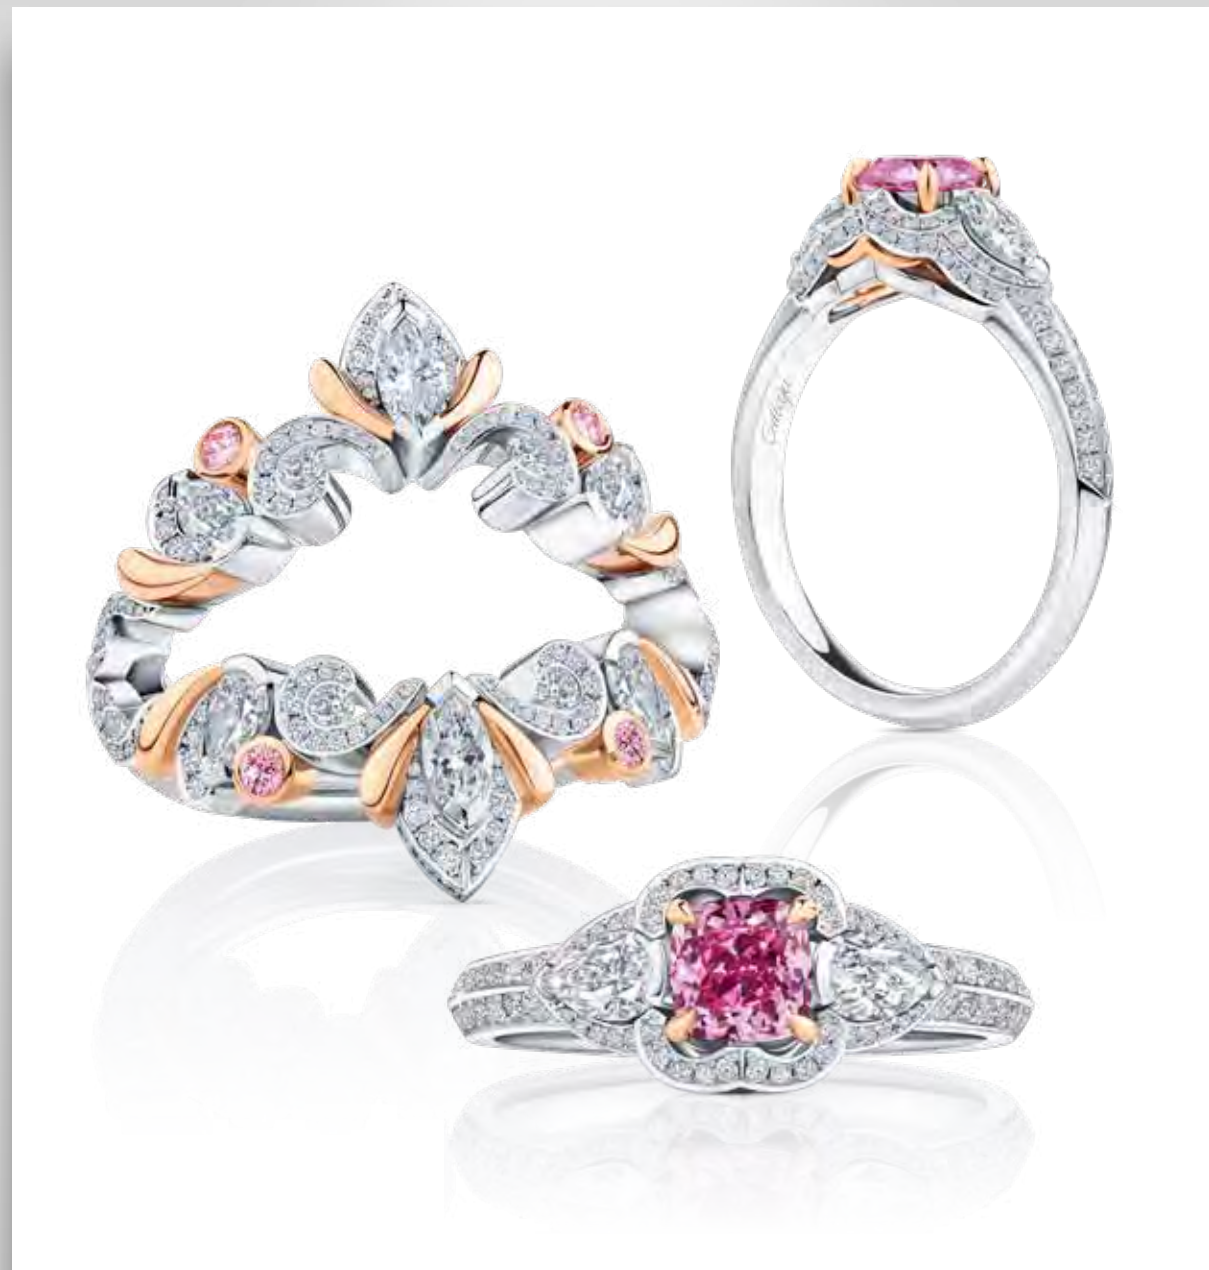

With a hypnotic Fancy Vivid Purplish-Pink colour, Tesora is one of the truly rare and highly coveted Argyle Pink Signature Tender Diamonds™ unearthed from the Argyle mine. With only eleven per cent of all Argyle Pink Signature Tender Diamonds™ awarded a 'vivid' colour grade throughout the entire 38-year lifespan of the Argyle mine, Tesora's stunning colour is a natural wonder completely unique to her Australian heritage.

Faceted into a feminine cushion cut at 0.64ct Tesora is a vibrant anomaly that illuminates every moment. As her majestic name suggests, she possesses untold bespoke treasures.

Tesora's grand allure is beautifully complemented by her versatile design. She is embraced by an intricate Platinum and 18ct Rose Gold jacket designed to be removable, allowing Tesora to be worn for any occasion. Featuring four exquisite round brilliant cut Argyle Pink Diamonds™ and a myriad of sparkling White Diamonds, Tesora's jacket illustrates Calleija's creative talent for incomparable artistry.

To witness and wear Tesora is an experience beyond luxury.

Oriana

Claiming her name from a blushing desert sunrise, the magnificent 1.25ct Argyle Pink Tender Diamond™ at the heart of Oriana is a rare and exquisite beauty. As one of the coveted diamonds in the final Argyle Pink Diamonds Signature Tender™ collection, she is unique not only for her size, but also for her round shape. Her centre Argyle Pink Tender Diamond™ radiates with a Fancy Pink hue and is bestowed with a blushing 6P Argyle colour grade, making her infinitely alluring.

Oriana offers a distinct symmetry in her design with two matching pear-shaped Argyle Pink Diamonds™ caressing her centre. Awarded the beautiful 7P Argyle colour, these irreplaceable diamonds enhance Oriana's harmonious and feminine design.

With halos of Argyle Pink Diamonds™ and dazzling White Diamonds, Oriana is a vision of endless splendour.

With each passing year, an Argyle Pink Diamond™ ring such as Oriana only becomes more elusive.

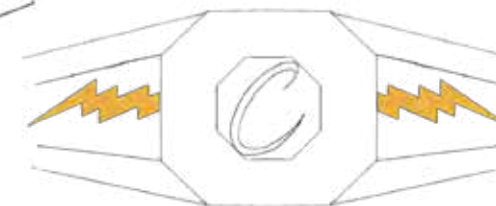

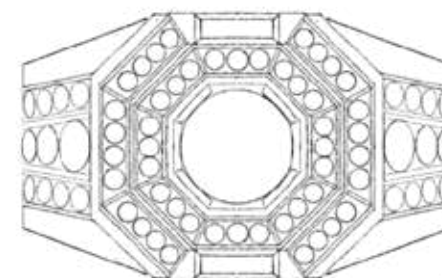

Viva

Fit for a king, the bespoke Viva ring was designed by Calleija to emulate Elvis Presley's brilliantly bold style. Featuring one of the rarest diamonds in the world, a 0.78ct Argyle Pink Tender Diamond™, and adorned with White and Black Diamonds, Viva was created to celebrate Presley's legacy and Australian Film Director Baz Luhrmann's cinematic masterpiece, *Elvis*.

With the entire *Elvis* movie filmed in Australia, Calleija artisans paid homage to its production by featuring the incredibly rare Australian Argyle Pink Tender Diamond™ as the heart and soul of Viva's design.

Handcrafted in 18ct Yellow Gold and Platinum, Viva features incredible detail heralding elements of Presley's life. Inspired by his well-known phrase, "Taking care of business" which was accompanied by a symbol of a lightning bolt, Calleija artisans designed and crafted an 18ct Yellow Gold inlay in the form of symbolic lightning bolts under each shoulder of the ring.

The unparalleled dedication to Viva's design, oozing statement cool, was highlighted by Oscar-winning director, Baz Luhrmann who proudly wore it to the highly anticipated Australian premiere, where it caught the attention of *Vogue* and media channels alike.

Verdell

The Verdell collier tells a story of entrancing beauty and charm.

Featuring a 3.99ct pear-shaped natural Muzo Emerald at her base, Verdell is a spectacular masterpiece. She holds one of the world's most striking coloured gemstones, with a rich history of gracing the most prominent luminaries for centuries. With intense verdant hues, her Muzo Emerald exudes regal beauty.

As echoes of mysticism inspire her design, Verdell's Platinum curves are adorned with sparkling White Diamonds and rare Argyle Pink Diamonds™. As her White Diamonds cascade to the blushing hues of thirty-five round brilliant cut rare Argyle Pink Diamonds™, Verdell's handcrafted Platinum collier dazzles like no other.

By combining the rarest diamonds on earth with one of the most extraordinary gems, Calleija artisans have created a stunning combination of rare beauty.

Verdell's versatile design further illustrates Calleija's talent for exceptional craftsmanship and artistry, as her wearer can choose to wear the Muzo Emerald alone as a pendant, with the Verdell collier or wear the Verdell collier alone.

ROSAMEL

Bold and infinitely feminine, Rosamel exudes a distinct elegance. Her centre holds a rare 3PP Purplish Pink round brilliant cut Argyle Pink Diamond™. With six Argyle Pink Diamonds™ awarded the same colour grade in her 18ct Rose Gold halo, Rosamel holds extraordinarily rare natural Australian history.

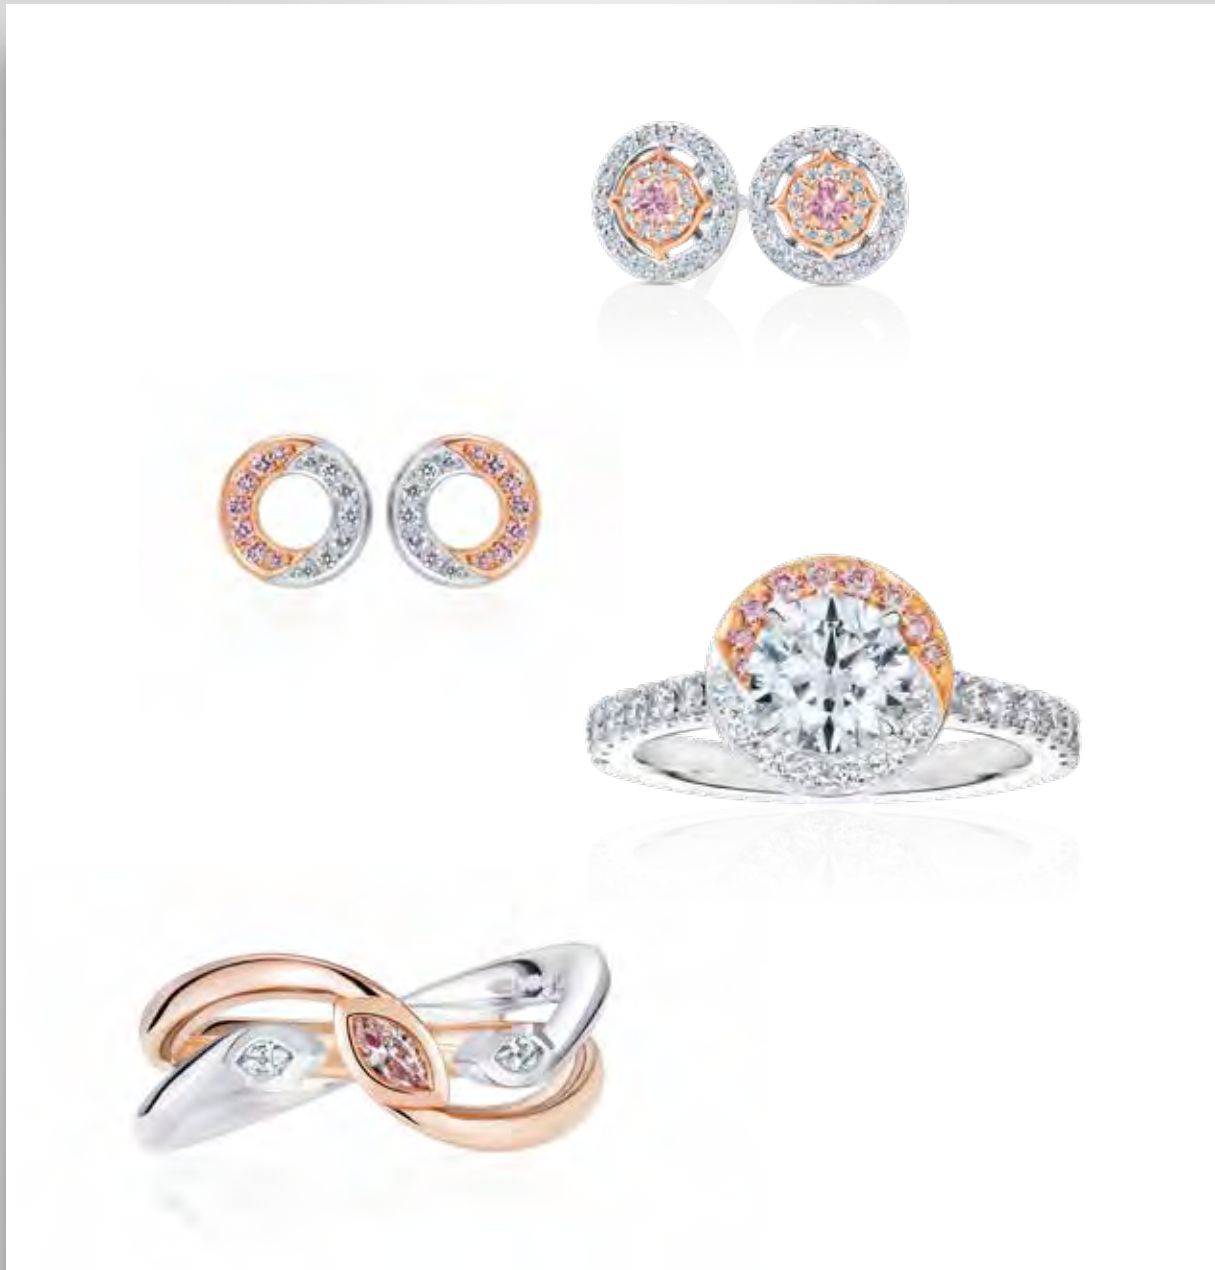

ROHESIA

The remarkable Rohesia is exquisitely handcrafted in Platinum with 18ct Rose Gold details. Her centre holds a unique 0.60ct square emerald cut Argyle Pink Diamond™ with the coveted colour grade of 5P. Her rare beauty is further enhanced by a stunning halo of twelve pear-shaped White Diamonds totalling 1.54ct.

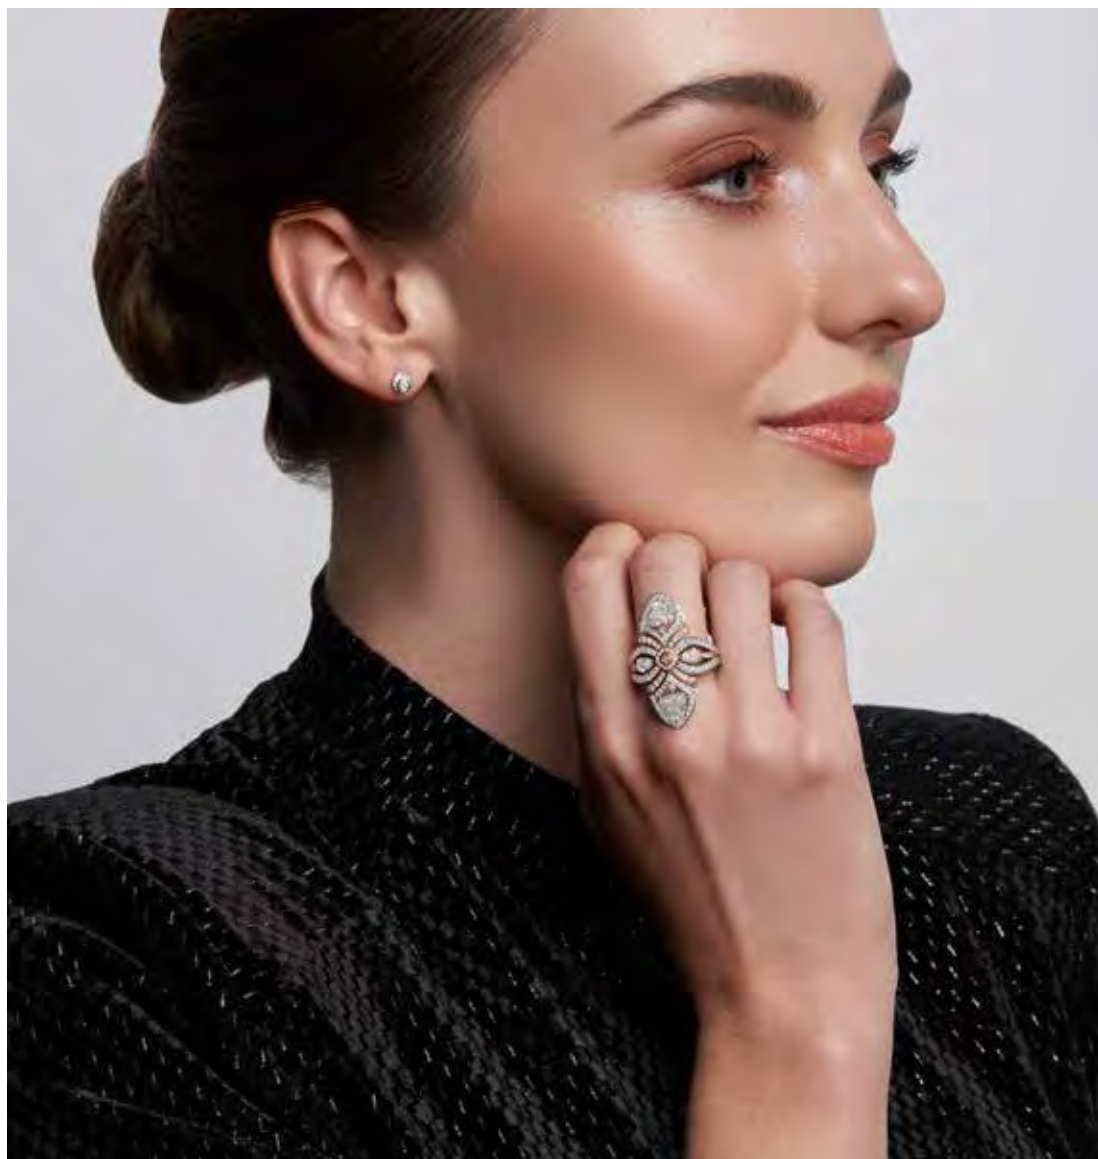

ADRIA

Cascading like delicate water droplets, the spectacular 18ct White and Rose Gold Adria chandelier earrings cast light as if dancing on the ocean's surface. Created with exceptional craftsmanship dedicated to perfection, each ring is distinct in its design and beauty. Expertly set in the finest of metals, this collection is created with Calleija's hallmarks of sustainable and ethical craftsmanship. Each diamond can be traced to the mine of its origin, as Calleija proudly supports the Kimberley Process Certification Scheme, which was developed to help stop the flow of conflict diamonds. As of the year 2000, participants of the Kimberley Process are responsible for stemming 99.8 percent of the global production of conflict diamonds.

Calleija is a proud supporter of the arts, medical research and social support programs. We appreciate the importance of our local communities and have always strived to help raise money to help them flourish.
